SUMMARY

Motivated B.Tech CSE student with interest in Backend Development, Python, and AI/ML. Passionate about building scalable applications and continuously improving problem-solving and communication skills.

SKILLS

- **Languages:** Python
- **Frameworks:** Django • Flask • REST APIs
- **AI / ML:** Generative AI • Deep Learning • Machine Learning
- **Tools:** Git • GitHub • Postman • VS Code

PROFESSIONAL PROJECTS

CraftAI Hub — Intelligent Digital Ecosystem for Handicrafts | Python • Flask • Computer Vision • Generative AI

- Built an AI-powered cultural heritage platform connecting artisans to global markets, featuring craft recognition, design generation, and storytelling.
- Identifies handicrafts from images and surfaces cultural history and origin metadata in real time: Computer Vision engine.
- Enables artisans to produce modern fusion designs from traditional styles using Generative AI: AI Design Generator.
- Built with AI voice narration to preserve and share cultural stories at scale: Virtual Museum.

E-Commerce Web Application | Python • Django • DRF • JWT • MySQL

- Architected a scalable e-commerce backend with secure JWT authentication, role-based access control, and RESTful API design.
- For product catalogue, shopping cart management, and full order lifecycle processing using DRF: RESTful APIs.
- For order updates and status tracking, improving user engagement: Async email pipeline.
- With efficient data handling and DRF serializers: Secure payment gateway simulation.

EDUCATION

B.Tech in Computer Science Engineering

Expected 2027

Nalanda Institute of Technology, Bhubaneswar
CGPA: 8.40 / 10.00

12th Science

2023

BCET Higher Secondary School
Score: 63.33%

10th (High School)

2021

Panchayat Nodal High School
Score: 67.16%

ACHIEVEMENTS & ACTIVITIES

- Selected for DRDO ITR Chandipur Internship (Springboard Virtual Internship) demonstrating strong academic and technical potential.
- Developed multiple academic and self-driven projects including AI-based solutions such as scam detection and healthcare assistance.
- Actively participated in hackathons and coding challenges, enhancing problem-solving and teamwork skills.
- Contributed to open-source projects and continuously improving programming skills through self-learning and online platforms.

LANGUAGES

English, Hindi, Odia
